STANSFIELD TURNER

1 JUL 1980

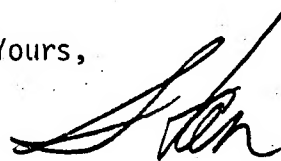

Dear Andy and Anna,

We thought about your nice offers to come up and visit you in Maine or in Newport this summer. Our summer relaxation plans are about half over already, however. Patricia and I just returned from a 12-day trip to Africa and Saudi Arabia. Since you enjoyed our last trip diary, I thought I would send you this one just for fun. It's nothing like the exciting journey you took through the Soviet Union, but I hope you'll enjoy it.

The other half of our summer is going to be at Grand Teton National Park. We've invited Geoff and his family and Laurie to join us there for the first week in August. It will be great sport showing nearby Yellowstone with its bears and Old Faithful to our grandchildren.

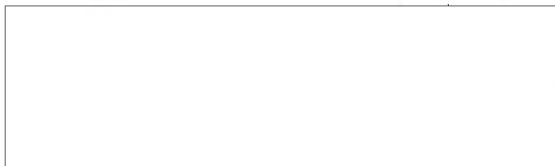

We still hope that we can get together with you one place or another before long. In the meantime, the best from both of us.

Yours,

STANSFIELD TURNER
